## What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited. How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility. How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them. It is the best medicine for all humors.

## THE HERALD.

Two of H. F. Pieratt's children, Mary and Tom, have the mumps.

Misses Lou Ward and Mahala Rose were pleasant callers at this office yesterday.

Born, to the wife of Rev. Barney Blankenship of Consolation, Sunday night, a girl.

Miss Lena Veach of West Liberty visited Elder S. H. Taulbee and wife of High street Monday.

**HUMORS**, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

Misses Maude Wilson and Nora Adams, two bright young ladies of the academy, made THE HERALD office a very pleasant call Wednesday afternoon.

Murphy & Quicksall bought 63 head of cattle on Quicksall this week, of which they have sold 20, and the remaining 43 will be taken to the Mt. Sterling market.

Several cases of scarlatina have been reported among the children of this immediate neighborhood, and also quite a number of them have the mumps.

Will Swango of Millersburg was the guest of Charley Cecil Monday night, and talks like he is well pleased with his new location. He was prospecting for some cattle.

**For Constipation**  
Take Lyon's Laxative Syrup; if you don't like it better than any Laxative you have ever used, your druggist will refund the money. Price 50c. Sold by J. C. Stamper, Grass Creek.

Mrs. Dr. William Swango and her grand daughter, Miss Eliza Kash, accompanied by the latter's father and the former's son-in-law, Burns Kash, paid our office and home a pleasant visit on Saturday afternoon.

Dave Linden and Heiskel Sally, accompanied by Dr. A. C. Nickell, left on Monday for Louisville, where the two former will undergo an operation, the first named for fistula, and maybe the other one for the same.

Oscar Fallen has sold his store at Daysboro to John Will Taulbee, who will remove there and continue the business. Mr. Fallen and wife leave to day for Midland, Texas, where he has two brothers, Rev. H. D. Fallen and Thomas Fallou.

The people here, now that the O. & K. has the contract to carry the mails, should get up a petition to have the postoffice department establish a twice-a-day route to Helechwah, so that we could send our mail in the morning and receive mail in the evening.

When you have head ache or neuralgia, try Triphene. Sold by S. S. Combs & Sons, Campton, and H. F. Pieratt, Hazel Green.

Here is a new one on us. Speaking of the fire that burned out Dave Linden on Saturday afternoon, some one made the remark: "Dave will get rich now. When a man has his property burned during a growing moon he invariably grows rich," and it is said of this old saw that never has it failed. But who among us would like to hang his faith upon it?

Uncle Hugh Coldiron will attend the reunion of the confederate soldiers at Dallas Texas. He was one of Morgan's men during that civil strife of 1861-65, and belonged to Chenault's regiment. He knows nearly every man in that famous command and those he don't know, know him, so that it is a pleasant recreation for the old man to meet with them annually.

When you have head ache or neuralgia, try Triphene. Sold by S. S. Combs & Sons, Campton, and H. F. Pieratt, Hazel Green.

## EXERCISES IN COMPOSITION

### Among Pupils Under Prof. Noah Cisco at The Academy.

Hazel Green academy, Stella Manker, aged 11 years.

EVERY MAN HAS A DUTY TO PERFORM.

We read in the first verse in the Bible, "That in the beginning God created the heavens and the earth; and all things were created by Him and for Him." Stop, for a moment, look around you and above you at His wonderful work, and behold every rolling planet, every twinkling star, every rock and stream, and flower moving, going, rushing on, on, on, performing the duties their Creator assigned them. No time for idleness, no time to stop and stand still in this quickly fleeting life that is rushing as each moment nearer and nearer the great eternity. Now let us consider man the last of his creation, and see if he is at his post of duty; and would you think for a moment that God did not create him for a purpose? But alas! is he performing them? Oh! thou drunkard, stop just now where you stand, and ask yourself the question, am I performing the duties that God assigned me? Let me run over the list of my work, and see how it compares with my guide, and the footprints of my Saviour that he has given me as my sure refuge and safety in time of trouble. He begins, but he does not read; he only tries to stop his ears from the heart rendering cries of his barefooted and hungry children and his poor heart-broken wife; and he sees her as she was 40 years ago young, happy and gay; and he sees her now pale, heart-broken and sad; and he hears his mother's prayer, "God save my son from intemperance;" and he hears his father read from the old family Bible: "That wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise." And now he sees himself as he is—a fool, a ruined man. He thinks he has gone too far, that he can never return; that he has failed so far from performing his duties to God, his family and neighbors; that there is no use trying to return; but he hears the voice of his Saviour, that wept over Jerusalem, saying, "Oh return ye backsliders in heart, and I will heal your backslidings." Oh, how he rejoices and the angels join in with the happy wife, children and friends over the return. Now see the indolent young man that's standing down there on the public loafer's corner, thinking of nothing, caring for nothing only how to get his next cigarette; inviting to come around, I see the bright young girls and boys in our school trying to prepare themselves for the great duties of life that they must soon take upon them and battle it through for themselves, for each one has his own duty to perform, and then into the chapel service, and see our teachers there trying to impress our young minds with our duty toward God, as well as to ourselves and one another; now surely he will throw off that coat of do nothing-care for nothing and fall in line of duty; now you frivolous, aimless girl that's talking and thinking of nothing only the dandy you are going to marry as soon as he proposes; now think of the emptiness of such plans, and before you dash headlong into such destruction, look around you and see the many duties that awaits you that no one can do for you; think of the good that the grand good women are doing in the world, that are willing to do their duty. The next we take the little school girl and boy, and we will see if they are performing their duty as they should to their teachers, parents and schoolmates. Do your honor and obey them as you should; if not let us all examine ourselves and see if we can not do more and help others more to do their duty. May the Lord help us all to fall in line of duty.

NOTE—Our young friends who are furnishing us with these essays are reminded that if they will take pains in writing them and send to Essay Editor of Comfort, Augusta, Maine, they may secure a prize. The subject this month is "Kindness to Animals," and the contest does not close until the 25th. There are four prizes—\$2, \$1, 50c and a yearly subscription to Comfort—Editor.

Heintz, "the jeweler" of Lexington, has a new advertisement in this paper to which your attention is directed, and we emphasize "the jeweler" because our people who have dealt with think there can not possibly be another who give so much satisfaction.

## Hazel Green Academy Notes.

The protracted meeting at the Christian church closed on Monday night. There were twenty-six additions to the membership.

Prof. Errett Weir McDairmid of Morehead normal school, will deliver an address at this place, on Sunday evening, May the 4th.

The brick-layers began putting up the walls of the new academy on Tuesday morning. It will take five or six weeks to do the brick work.

The young women of the academy will give to the young men who moved the brick, a social one evening next week. Young man, don't you wish you had helped?

The new campus of the Hazel Green academy has been named "Harrison Heights," in honor of Mrs. Ida Withers Harrison, State President of the Kentucky C. W. B. M.

There will be the regular services at the Christian church next Sunday morning and evening; Sunday school at 9:45, and preaching at 11 a. m.; Junior Endeavor meeting at 2:30 and preaching at 7:30 p. m.

On Sunday, the 4th of May, the members of the Christian church will make their annual offerings for home missions. It is hoped that every member will have a part in this good work—preaching the gospel in America. "Home Missions to the Front."

The name of Hazel Green academy has been changed to Pearre Academy—normal and preparatory school, and we are reminded of: "You may break, you may shatter the vase if you will, but the scent of the roses will cling round it still." Mrs. Pearre is the founder and first secretary of the Christian Woman's Board of Missions.

Preparations are now being made for the commencement program of June, 1902, in Hazel Green academy. The approaching commencement bid fare to excel all others. Many visitors from a distance have already made known that they will be here then. Both National and State officers of the C. W. B. M. will be present.

The young men of Hazel Green academy—about 65 in number—have moved from the kiln to the new academy building 130,250 bricks. The money received for this work will be put into the Hazel Green academy students' fund. The following persons kindly donated wagons and teams or horses: J. M. Ingram, Shaffie James, James Perkins, Bernice Finch, Chas. M. Rose, John Ward, Q. C. Daniel, W. P. Trimble, Wm. H. Cord and Dick Franklin. All who took part in the work will have their names placed upon the "Roll of Honor" which will be placed in the Assembly Hall of P. A.

## Destroyed by Fire.

Dave Linden of Gillmore had the misfortune to lose his house, all his household goods, his barn and 60 or 70 bushels of wheat and other out houses. The fire originated from a defective flue, and the wind being very high at the time not a thing could be saved. Mr. Linden was confined to his bed when the fire broke out, but got on the roof and did all he could, without effect. Mr. Linden had arranged to start for Louisville on Monday morning to be operated upon for fistula, with which he has been suffering for some time. His loss was total, we believe, as he had no insurance.

LATER—Since the above was put in type additional particulars indicate that the fire was not so disastrous as at first reported. He did not lose his big barn, he only lost 35 bushels of wheat and saved all his meat and nearly all his furniture. But he lost between 300 and 500 panels of rail fence, and altogether it was bad enough.

## Master Mechanics.

The two bricklayers engaged on the work at the academy are De-weese Wilgus of Lexington and a Mr. Wood of Richmond. The former is a native of Lexington and a son of one of the pioneers in the brick business in that city, the late Garrett Wilgus, who probably made the brick for at least half the buildings in that city. He was also a large contractor and superintended the building of many business houses and dwellings that stand there today as monuments of his energy.

## A Duplex Engine.

E. M. Russell of this place has invented a duplex engine which with 20 horse power equals an 80 horse power of the ordinary single action engine. It is a self-contained engine, one valve controls steam for both engines and one governor regulates the speed of them both. There is no dead center and the speed is uniform. It is easier operated than the ordinary engine, and the most economical from the fact that it takes so much less fuel to generate power. The fly-wheel being in the center equalizes the power throughout, and at no point is there any more strain than at another given point. He has completed a working model which he has run with satisfaction, but thinks he can yet improve it and will try and perfect it before he attempts to get a patent upon it. He is a practical mill right and engineer, and what might be termed a genius, and the entire plan of this new machine is his own idea. "Dick," as he is familiarly called, has a host of friends who wish him success and wealth with his invention, and all engineers who have seen it believe it will revolutionize stationary engines.

**Hood's Pills** cure sick headache, indigestion, biliousness, constipation, and all the troubles that result from a poor supply of blood. They are a powerful purgative, and will not only cure the above troubles, but will also increase the appetite, and give you a new lease of life. If you have been suffering from any of the above troubles, try Hood's Pills. They will cure you. Sold by J. C. Stamper, Grass Creek.

People who contemplate building should read the ad of Clark & Howard of Lexington, who are contractors and builders of long experience. They have the contract for the new academy at this place and also the one at Morehead, both of which are being pushed as fast as the weather will allow. Bricklayers began work on the building here Tuesday, and the walls of the building at Morehead were completed Saturday. The roof is being put on the latter building this week. Mr. Clark was here this week getting things ready for the brick masons. We commend this firm to the consideration of all who have work in their line.

## DO YOU GET UP WITH A LAME BACK?

### Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid, troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but kidney trouble, kidney, liver or bladder trouble. It has been found in so many ways, in hospital work, in private practice, among the helpless poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elmhampton, N. Y. The regular fifty cent bottle is sold by all good druggists.

### Worth Many Times the Subscription Price.

The Morning Herald certainly deserves the success that it has attained—it's enterprise is not equalled by any daily paper in Central Kentucky. It has had published a special map, strictly up-to-date, of Kentucky, the United States and the world, which it is giving to every new subscriber who pays three dollars for six months' subscription. It is the best map obtainable and nothing approaching it can be bought for less than a dollar. The Herald is also giving away every Sunday an exquisite photograph of some beautiful actress, or man of note, similar to those for which all art stores ask a dollar a piece. It is worth the subscription price of The Herald simply to obtain these photographs.

### Catarh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free.

F. J. CHENEY & CO.,  
Toledo, O.  
Sold by druggists, 75c. Hall's Family Pills are the best.

It is feared that the presence of J. Pierpont Morgan at the coronation will rather eclipse the star performer.—Milwaukee Sentinel.

### A Doctor's Bad Plight.

Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles. For sale at J. Taylor Day, Hazel Green, or S. S. Combs & Sons, Campton, drug stores. 50c and \$1. Trial bottles free.

David B. Hill has a hardship. He has no farm, no barn, and must live in a plain mansion at Wolfert's Roost.—St. Paul Globe.

### The Great Dismal Swamp

of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. at J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton, drug stores. Guarantee satisfaction.

The Herald and Monthly World one dollar a year, in advance.

### Dying of Hiccough.

The many friends of Prof. N. B. Hays, who taught school here several years ago, and who was really the founder of Hazel Green academy, will regret to learn that he is at the point of death. The following dispatch from Pineville to Louisville Post, tells the story: The Hon. N. B. Hays, candidate for the office of attorney general before the democratic convention of 1900, lies critically ill at his home in Pineville. He began hiccoughing Saturday, the 5th, and his physicians have not yet been able to give him relief.

### Millinery Opening.

April the 10th, I will have on hand a large supply of millinery goods of the very latest styles, including ladies trimmed, untrimmed and dress hats, caps and children's hats, ribbons, flowers, foliage, ornaments, etc. These goods are for spring and summer 1902, not last year's goods, but of the very latest and freshest materials on the market. I will be prepared to trim hats in any desired style. This will be the lowest priced millinery store in the mountains, quality of materials considered. I now have on hand a supply of wall paper of the latest designs at prices ranging from four cents per roll upward. Ladies are invited to call and examine our goods and prices. It will cost you nothing to look.

Mrs. H. C. Lacy,  
Daysboro, Ky.

### Wanted a Change.

"Of what does your daily menu consist?" asked the prospective boarder.

"Oh, a little of everything," replied the landlady.

"Then I'll have to pass you up," said the p. b. "I get hash three times a day at my present boarding place.—Chicago News.

### Child Worth Millions.

"My child is worth a million to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly.

H. F. PIERATT.

A coroner's jury at Louisville, on the 8th inst., returned a verdict that Otto Strassel came to his death at the hands of Albert Slack and that it was a case of willful murder. The two men were in love with the same woman, a widow named Exstein, who lived with them in a boat on the river front.

### Don't Live Together.

Consentation and health never go together. DeWitt's Little Risers promote easy action of the bowels without distress. "I have been troubled with constiveness 9 years," says J. O. Greene, Dopaau, Ind. "I have tried many remedies but Little Early Risers give best results."

H. F. PIERATT.

Bob Mason, a prominent railroad man, was found guilty at Russellville, Ky., April 8th, of betrayal and ordered to pay \$5 per month for 12 years. Miss Grace Rath, the daughter of a shoemaker, brought the suit. Mason made no defense. He is to be married shortly to a popular Owensboro belle.

Henry Pieratt bought all the picture frames the agent of the Chicago Portrait Co. had left over and is selling them 50 per cent cheaper than the agent sold them. The number is limited, and if you want one you'd better move in a hurry, as they are going like hot cakes. 52-tf

Ambassador Clayton has successfully refuted the charges against him. Therefore he will not be promoted.—Washington Post.

Craig Ireland was acquitted at Frankfort, April 8th, of the killing of "Aceto" Williams, colored. The killing occurred the same day and only about 10 minutes after the assassination of Governor Goebel. Williams remarked that he was glad Goebel had been shot. Ireland resented this, and Williams assaulted him with a beer glass, whereupon Ireland shot him. The jury was out only 20 minutes.

Sheriff T. F. Stamper arrested William Brewer and his son Lewis on the 8th inst., on a charge of abducting Abbie Harvey, a 12 year old girl, from the home of Calvin Hutton, at Lane, this county. Both Brewer and Hutton, who are uncles, claim to be her guardian.

Governor Beckham, through Adjutant General Murray, issued a proclamation on the 8th inst., authorizing all bodies of Confederate veterans from other states to carry arms while passing through Kentucky en route to the Confederate reunion in Dallas.

ROAD THE TESTIMONY OF TWO WELL KNOWN CITIZENS OF WOLFE.

Mr. Cooper, Hazel Green, Ky.:

I purchased some of the Vitae Ore of you in the latter part of March, and after taking about a half pint of the Vitae Ore Elmer my nerves were as steady as when I was 16 years of age, and I am now past 75. For more than a year I had been trying all the patent medicines and nostrums I could hear of to build myself up, but nothing did me any good until I used Vitae Ore, which my wife brought me from your house. After using it a week I went out and did three days' as hard work as I have done in 25 years, and I was not more fatigued than I was 25 years ago over the same work. It is the greatest medicine in the world and I want everybody in the mountains to know what it did for me so they may try it. Hoping every one who has that tired feeling incident to old age will buy Vitae-Ore of you and give it a fair trial. I remain, thankfully yours for putting me on to this remedy.

JAMES LACY.

I can vouch for every word Mr. Lacy says in the above. I am his wife and bought the medicine of Mr. Cooper for him, though I did not have much faith in it, because we had tried so many things that did no good. I have also used Vitae Ore, and am stronger and in better health than for years, which I attribute to its use.

(MRS.) SOUTHEY LACY.
